## ➤ Main venue: Nanning, the Green City of China

Nanning, the capital city of Guangxi, is located in the Southern subtropical humid monsoon climate zone. It is known as the "Green City" because of its abundance of lush tropical foliage.

The average temperature of Nanning in September ranges from 24°C to 35°C. Please prepare suitable clothes, rain gear, and sunscreen as needed.

**We sincerely invite you to participate in the Forum  
to enjoy a win-win success.**

**Hope this distinguished gathering will be an auspicious beginning  
of our future cooperation.**
